PROFILE

I love to make creative, beautiful and responsive websites for small businesses and beyond! I am a self taught developer who is constantly learning new ways to solve everyday problems using code.

PROJECTS

- ❖ **My Portfolio**
 - Mainly where I practice new ways to style and design using CSS.
 - Implemented Styled Components, a CSS-In-JS library for cleaner syntax.
- ❖ **React Calculator**
 - Built a calculator using React.js.
 - Allowed me to learn more about React Hooks and asynchronous JavaScript.
- ❖ **Danny Boy Game**
 - Small game made using jQuery and vanilla JS
 - Used DOM manipulation to create gameplay.
 - Had some trouble with the timer but solved it once I learned about promises.
